

Our Mission

Our purpose statement serves as a guiding light, illuminating the way forward. It is the essence of who we are and who we aspire to be as a faith community.

St. Paul's Cathedral is a vibrant Episcopal church in the heart of downtown Oklahoma City. Deeply rooted in the ministry and teachings of Jesus Christ and the traditions of the Episcopal Church, St. Paul's is the spiritual center of the Diocese of Oklahoma. We are committed to being a place for all who seek and share God's unconditional and abundant love, which calls us to comfort and stand with the vulnerable and each other. All are invited; all are welcome.

A Message from the Vestry

Your vestry began a visionary process in 2021 to discern a path forward for St. Paul's. Our work produced a collectively crafted purpose statement to illuminate the mission and ministry of our Cathedral for the next 5-10 years, as well as an assessment of our buildings and grounds. We then began to consider how our space could be a manifestation of our spiritual purpose, creating an environment conducive to worship, community and outreach.

A capital campaign is not just about bricks and mortar but about breathing life into our purpose and vision. It is an opportunity for each of us to contribute to the legacy of St. Paul's, as 120 years worth of parishioners have done before us, ensuring its vibrancy for generations to come. As we were challenged, we challenge all of you to dream, with prayer and imagination, where God is calling us now and in the near future.

Tim Fischer, Senior Warden, and St. Paul's Vestry

Four Key Points

Responsibility

01

How can we maintain our Cathedral Campus so it continues to be a welcoming place to gather and worship for both our church family and the community?

Accessibility

02

What do we need to do to ensure that all of our spaces are accessible to people with mobility challenges, hearing and vision deficits and welcoming to people with a variety of different needs?

Safety

03

How do we provide a safe place to gather, to worship and serve the community under changing conditions consistent with our Vision.
What changes/improvements are necessary to provide a safe space?

Community

04

Is our campus set up to be a true community resource both in terms of hosting events, supporting our diocese and community partners and most importantly implementing our outreach ministries?

How You Can Help?
